# Message from our Ceo · Check-in Scan

Dear customer,

Since 2018, our company is digitally transforming the way the check-in process is managed in the hospitality industry.

With our innovative platform, we've streamlined and automated guest registration collecting over 7 million guest ID's to date, enhancing user experience and ensuring real-time legal compliance.

Bootstrapped, our growth has been exponential and with a dedicated team and advanced technology, we are poised to scale globally.

Sincerely,

Ben Smith
CEO, Check-in Scan

Process • Check-in **Scan**

*Check-in Scan. Your guest's ID Registration **App**.*

1. **Scan**
the Guest's Document.

By simply scanning the MRZ code located at the bottom of the guests DNI or Passport, our App instantly records all their personal data.

2. **Signature**
of the Guest.

Once their document has been scanned, complete the registration with your guest's digital signature, using their finger or a stylus.

3. **Send**
the Registration form to the Police* automatically.

Once you have registered all the guests, send them to the police in just one click and get the signed "Registry Form" securely, complying with all legal requirements.

Working with Policía Nacional, Mosso d'esquadra, Guardia Civil y Ertzaintza, SEF y Polizia di Stato.

* Sending to the police in Spain, Portugal and Italy. Other countries soon.

4. **Create**
the Registry Book/Form.

Once the check-in is sent, the *Form* is generated and stored in the *Registry Book*, which you can download at any time.

Why use? • Check-in Scan

*Check-in Scan. Your guest's ID Registration **App**.*

TRY IT FOR FREE
14 DAYS FREE TRIAL
Download the app now and enjoy 14 days for free. No credit card details required! Try it before you buy!

LEGAL
FULFILL THE LAW ON EACH CHECK-IN
Your check-ins will be sent to the police in compliance with current legislation.

FAST
MOBILE SCAN PASSPORTS & IDS
No more typing out guest passport or ID card information! With Check-in Scan, your phone will scan the details in a snap!

SECURE
1024-BIT ENCRYPTION AND SSL
Your details are private and protected in an encrypted database. Any communication between any of your devices and Check-In Scan is done through SSL tunnelling. Hourly backups.

CONTROL PANEL
EVERYTHING UNDER CONTROL
You will have access to all the important information to you: payment methods, billing, property management, check-ins made, etc

SAVE TIME
AUTOSEND GUESTS TO POLICE
Our app will automatically send your guest check-ins for each property to the police. No more logging and typing details manually!

REGISTRATION BOOK
KEEP ALL YOUR CHECK INS
Our app will create a book between 100 & 500 pages to store your check-in registration forms which you can download and print.

ADD AGENTS
DELEGATE WORK
Employees, cleaners, airport transport companies, etc. can download the app and do check-ins for you, based on your master account.

EASY
CAPTURE GUEST SIGNATURES
Our app allows you to capture the signature of each guest checking-in and it creates the parte de viajeros. Less paperwork for you, and better for the environment.

* Sending to the police in Spain, Portugal and Italy. Other countries soon.
